OUR VISION

“Customer’s for Life”

OUR MISSION

Is to be the Information Technology vendor of choice in areas we choose to serve in order to achieve 100% customer Satisfaction.

A personal commitment to success is made by all staff members resulting in Teamwork, Excellence and Price in ourselves and our Organization.

OUR VALUES

At EWIS, we strongly believe that our customers’ satisfaction tops our priorities list. Coupled with the support from the best-of-breed brands that we represent, and the commitment of our staff, our mission is to be the best non-aligned IT vendor in all areas we wish to serve in.

QUALITY POLICY

To understand our Valued Customers needs and continuously deliver Quality products and services to fulfill their requirements and exceed expectations.

To uplift the quality of life of our employees who will recognize EWIS as the best company to work for.

To be the
"Best Service Company in the Market"
by continuously improving the quality of our service.

EXPECTATIONS

QUALITY

SERVICE

EWIS Peripherals (Pvt) Ltd., formally a division of East-West Information Systems Ltd since 1986, and then E-W Information systems Ltd, was incorporated as a separate company on the 7th of July 1999.

From its humble beginning the company has grown from a traditional device and consumable sales organization to a solution-based organization. The noteworthy partnership of over 29 years with Lexmark International, a global print giant, since 1991, has contributed towards the company's success of developing the Lexmark brand in the country to be one of the top Printer brands in the market. While moving from traditional printer sales, the company ventured into Manage Printer Services with intelligent devices of Lexmark products to gain the highest market share of Manage Print Services in the country.

EWIS is a distributor for Riello Power products, an Italian brand of Uninterrupted Power Supply products for the past 16 years with a significant installed base of UPS in the market. To add to its portfolio of solutions, the company partnered with Konica Minolta group an imaging solution giant to market Copier products and Digital Production Printing systems since 2013. The addition of OCTA Matrix band of dot-matrix printers complement the product portfolio of the company to provide a holistic print solution to our valued customers.

The dynamic, young management team along with a staff strength of just below 100, is geared to provide customer-centric and value-added services to our customers while promoting our partners' products and solutions to the market, with our presence around the county, including cities of Kandy, Galle, Anuradhapura, Jaffna, Kurunegala and Badulla.

With an annual revenue of LKR 1.1 Million, (US\$ 5.6 Million) the company has grown to be a significant contributor to the EWIS group. The company was recognized as one of the top 20 company in Sri Lanka by "Great Place to Work" Sri Lanka for the past 6years. This means the employees Trust the people they work for, have Pride in what they do and enjoy their work.

As a group and company that recognizes not only business but corporate social responsibility as an important and significant factor in today's business environment, EWIS Peripherals is proud towards its initiative of maintaining and funding a residential home for over 30 orphans and less fortunate children in the society by proving them a safe and secure home and education.

The company is pleased to support the initiative of reducing the carbon footprint, with its venture into agriculture development, and to assist the environment with the green initiative of collection of toner cartridges to name a few.

EWIS is an ISO 9002, ISO 27001, BCP 22013 certified company, a registered member of the Computer Vendors Association and certified by the Central Environmental Authority for its "Go Green" initiatives.

The executive team comprises of a talented, energetic team of young qualified professionals with vast experience in the fields of technology, marketing and technical services. The team is lead, by a visionary leader as the Chairman of the company and a Managing Director who manages the overall operation of the company.

The EWIS Management Team comprises of :

Mr. Sanjeewa A. Wickramanayake - Group Chairman.

A young dynamic entrepreneur with over 30 years of experience in the field of Marketing and Management. As visionary in the industry he was instrumental in starting the island's 1st Original Device Manufacturing (ODM) facility for the IT industry.

Mr. Wickramanayake believes that customer service is the most important aspect of a business. This is the reason that the company has been able to thrive in the industry for over 3 decades. Under his direction the company and group has grown in to exceptional and innovative areas in the industry.

Roseanne Wijayanayaka - Director EWIS Group.

Ms. Wijayanayaka holds a MBA from the Australian Institute of Business, Adelaide Australia, she accounts for over 30 years of experience in the company and the industry.

As a professional leader, she is passionate about her company, her team and the brands she represent. She takes pride in mentoring and developing the young energetic team of managers and staff to ensure that they provide the best solution to the customer while ensuring the growth of the company and the industry.

Chanaka Hapuarachchi - General Manager.

A young and energetic professional, he holds a MBA from the University of Colombo, Post Graduate Dip in Mktg (SLIM) MSLIM, CPM (Asia Pacific). A marketer by profession he counts over 19 years of experience in the company and closely works with the sales and marketing team and the other operations within the company to make sure that every staff member is focused on providing the best solution to the customer.

Dharshan Fernando - Deputy General Manager (Sales and Marketing).

A self driven dynamic professional , he holds a MBA from the Cardiff University United Kingdom and counts for over 20 years of experience in the company. As talented marketer he works with the sales and marketing team and have successfully developed the Managed Print Services business for the company.

Rukmal Thushara - Deputy General Manager (Finance).

Counting for 18 Years in the field of Audit and Finance, Mr. Thushara holds a MBA from Anglia Ruskin University and his experience in the field of finance and audit has assist him to overall manage the total finance operation of the company with a team to support him.

Bimalka Perera - Deputy General Manager (Administration & Procurement).

Counting for 30 years of experience in many areas of the company, Ms. Perera holds an MBA from the Cardiff University United Kindom. She overlooks the operation of Procurement and the Administration of the company with a team to support her.

EWIS Agri Product (Pvt) Ltd.

As part of the groups initiative to care for the environment and future generations, EWIS ventured into decreasing of the carbon footprint of the country by establishing an agri product business in the city of Girandurukotte.

Founded in 1991, Lexmark is recognized as a global leader in imaging and output technology solutions and managed print services by many of the technology industry's leading market analyst firms.

Lexmark creates innovative imaging solutions and technologies that help customers worldwide print, secure and manage information with ease, efficiency and unmatched value. Combining innovative technologies with deep industry expertise, Lexmark simplifies the complex intersection of digital and printed information in retail, financial services, healthcare, manufacturing, education, government and more.

Konica Minolta, Inc. is a Japanese multinational technology company headquartered in Marunouchi, Chiyoda, Tokyo, with offices in 49 countries worldwide. The company manufactures business and industrial imaging products, including copiers, laser printers, multi-functional peripherals and digital print systems for the production printing market.

The company focus on leveraging these state-of-the-art technologies to connect people with intelligently-analyzed data, identify and address a wide variety of customer needs, and manufacture high-quality products while exploring markets through an open ecosystem approach.

Riello was set up in 1935 and after just a few years established itself as the leading Italian manufacturer of voltage regulators, transformers and power supplies. In the eighties it designed, developed and produced switching power supplies for IBM computers.

The company thus acquired know-how in PWM (Pulse-Width-Modulation) technology that enabled it to enter the UPS sector.

This is now the most important field of activity for Riello, which has kept its leadership in voltage regulators and components. Riello has over 70 years of experience in this highly specialized sector and is currently a leading company in the field

It's time to expect a lot more from your Dot Matrix infrastructure. OCTA Matrix forms printers are affordable and dependable with high performance & Cost-Effective printing. At EWIS Peripherals we believe that sharing and caring is an integral part of our business. Our CSR efforts are mostly targeted at providing better future, health and education for children and supporting our fellow citizens at difficult times.

We regularly support and take care of a group of less fortunate children at an orphanage in Anuradhapura. This is an ongoing project providing all essential requirements and funds to a girl's home to make a better future for these less fortunate children.

Access to clean drinking water is not just an essential need, but an indispensable right for all human beings. It was a disturbing fact that many children are deprived for clean water, at their homes as well as while they are in schools. Addressing such situations, we have carried out a CSR project to provide high quality water filters to schools and temple of Girandurukotte area.

During floods, drought, and other natural disasters, we never forget to extend our support to needy citizens of our country.

In situations where people need some special support to rebuild their livelihoods, especially in post Covid recovery and rebuild, we have done our part silently supporting families to start small businesses and rebuild their and well as countries economy.

We further extend our helping hands by providing donations to government hospitals such as Apeksha Hospital and De Soysa Hospital for Women etc and organizing health camps especially post disaster periods of the country.

Our CSR efforts are an on going process and we will continue to share our love with the society for the years to come.
